Just Now

as the weather is beginning to get warm and summer is at last here, there will be much sickness in the vicinity of Norwich, such as diarrhea, summer complaints, cholera morbus, cholera infantum, vomiting, cramps and pains in the stomach.

For such complaints we recommend most highly A. D. S. BLACKBERRY CORDIAL, one of the best remedies that it is possible to keep in the house during the summer time.

By having a bottle of the excellent cordial in the house at all times, much sickness and discomfort can be prevented.

COMMON COUNCIL ORGANIZES.

Members Given Seats, Short Address by Mayor Lippitt and the Naming of Committees for Ensuing Year—Petitions Received and Bills Approved.

The members of the court of common council held their first meeting on Monday evening in the council chamber for organization. All were in attendance, the new members having previously been sworn in.

At 8 o'clock, by direction of Mayor Lippitt, the court proceeded to elect members to their seats, Alderman Robinson continuing as senior alderman and Alderman Ely as junior alderman. Mayor Lippitt addressed them as follows:

Gentlemen:

You have been convened for the purpose of organizing the court of common council for the ensuing year and getting into condition to transact business when the citizens shall have gathered upon the estimates and made the appropriations for the various departments. Your finance committee carefully considered the requirements as presented by the several committees and in every case, in the interest of economy, cut them down to what they thought was the lowest figure for the year.

At a rate of taxation they were willing to recommend. I hope the people will give us what we have asked for in each case, and I shall expect the executive heads of the departments to meet with the council in the summer months granted them.

If we are given less in any department than the citizens shall have gathered upon the estimates and made the appropriations for the various departments.
